

HSOS 14400

HSOS 14400

OSSO offer a wide range of centrifugal equipment together with an extensive range of spares and second user refurbished equipment to OEM quality.

The HSOS 14400 is a high speed, disc bowl centrifuge with a self-cleaning design feature for solids discharge. Its versatility and reliability, means, the HSOS14400 can be utilised for the concentration, cleaning of oily water, slops water, purification as well as the cleaning and recycling of diesel fuel and crude oil.

Benefits

- Reduce ppm for discharge legislation
- Recovery of clean fuel
- Highly efficient
- Reduce operating costs
- Low maintenance

Scope of use

- Produce water
- Slops water
- Lube oil treatment
- Fuel oil treatment
- Heavy fuel oil

Specifications

- Size: 1.8 x 1.8 x 3m
- Dry weight: 5000kg
- Rated capacity up to 14,400 l/h
- Power – 18.5kW 3ph 415/440v 50/60Hz
- Exd/safe area
